***Commencement 2020 is Cancelled***

Dear Graduating Students,

Tohono O'odham Community College is cancelling the 2020 Commencement ceremony which was scheduled for May 15. I regret having to make this announcement as does our Board of Trustees, faculty, and staff. I know that this decision deprives those of you who will be graduating at the end of this semester of one the most exciting events in college life. Relatives and friends look forward to celebrating your achievements as do we.

The decision to cancel commencement mirrors colleges and universities throughout the country which are all taking steps to protect public health during this time of the coronavirus pandemic.

We are considering a virtual alternative ceremony and should that come to pass we will contact you. In the meantime, please continue to work on your classes so that you will meet your graduation target.

Sincerely,

Paul M. Robertson, Ph.D.  
President
