Student Learning Outcomes

Upon Completion of the course, the student will be able to do the following:

1. Identify and describe relevant laws governing special education processes, procedures, practices, and services and discuss characteristics of students with various exceptionalities addressed through the laws.
2. Describe the role and function of the teacher working with exceptional learners and identify, develop, and implement lesson plans, teaching methods, instructional materials, learning activities, classroom management strategies, and assessment methods that are appropriate for students with specific exceptionalities.
3. Describe the special education process and Individualized Education Programs (IEPs), discuss the roles of stakeholders in the development and execution of IEPs, and identify measurable IEP annual goals that align with mandated state or national standards and the school or district’s core curriculum.

Course Structure

This course is a face-to-face lecture course that helps students to build a foundational understanding of Special Education and the students it serves. It is organized into learning modules. Progress through the course modules is facilitated through three components; in-class activities, the field work experience, and out-of-class readings, activities, and assignments.

In-Class Activities
The class meets once a week for lectures, discussions, and group activities. Students are expected to attend all class meetings and to actively participate in all class activities.

Field Work Experience
In addition to meeting once a week as a whole class, students will also be engaged in a required field work experience in which each student volunteers in a local classroom throughout the semester for a minimum of 10 hours. This opportunity for service learning in the field is an integral part of student development and a requirement of the three state universities for all transfer students majoring in Education.

Out-of-Class Student Preparation
Students are expected to access our Canvas course site multiple times each week and independently complete required out of class readings, homework activities, and written reflections that are part of each module’s requirements. The course text, PowerPoint presentations, supplementary readings, and course assignments can only be accessed through Canvas.

Learning Activities
This course will consist of several different types of learning activities including Lectures (supported by PowerPoint presentations), Readings, Reflective Writing activities (including Field Work Experience Observations, and Reflections), Discussions, In-class Group Work and Activities, Videos and Films, Student Presentations, a Midterm Project, and a Final Examination.
Turn-Around Time

The instructor strives to have assignments, written papers and quizzes graded and returned to the students within 48 hours after the due date. E-mail and phone messages will be returned within 24 hours, Monday through Friday.

Texts and Materials

This class utilizes an open source reading materials and an open source textbook. You will not have to purchase this text. The pdf of this text is available in Module 1 in our Canvas course shell.

**Himdag Cultural Component**

The Himdag is the unique worldview of the O’odham people. Within it, the values and beliefs of the O’odham are deeply embedded and passed from one generation to the next. If the Himdag, which has been taught by O’odham elders to their youth for thousands of years, is to survive and flourish in this ever-changing world, it must be central in the education of O’odham people. In order to ensure that the education of its youth is grounded in the Himdag, the O’odham people have made the education of O’odham teachers, who are prepared to help children learn and live the values and beliefs (T-Wohocudadag) of the Himdag, a priority.

Through this class, students will work together (I-we:mta) to develop a solid understanding of the nature of culture and what makes their culture (T-Wohocudadag) unique within the tremendous human cultural diversity of the world.

Since the instructor is not O’odham, students will be encouraged and expected to make relevant cultural inferences to the material being presented. This practice will help prepare them to incorporate the Himdag in their own teaching as they develop the skills and knowledge necessary to become classroom teachers and enter their own classrooms.

As the students in the class progress through the course, they will be encouraged to articulate a personal diversity statement that supports their deepest respect (T-Pi:k Elida) of the diverse cultures and ways of being that make up our world as well as their own Tohono O’odham culture and ways of being.

**Policies and Expectations**

**Attendance Policy**

*Please note, attendance is more than just sitting in class; it involves active participation for the ENTIRE class period. You must arrive to class on time, actively participate in class activities and discussions, and remain in class until class is dismissed to be counted “present” for the class.*

You are expected to arrive to class on time and be prepared to participate in each class period. Two unexcused absences (this class meets only once per week, so missing one class is equivalent to missing two class sessions a week for traditional courses meeting twice per week) may result in withdrawal and a “W” or “Y” will be recorded. You may request to be excused from class for religious observances and practices, for illness, for school or...
work-related travel or for personal or family emergency. If you will be absent, please notify
the instructor as soon as possible (approved by Faculty Senate April 2014).

• Students are required to be in class and seated prior to the start time.
  o For every 2 tardy arrivals, the student will accrue one unexcused absence

• Students must remain actively engaged in class until the class is dismissed
  o For every 2 incidents of “early exits,” sleeping in class, “head on the desk”
    behavior, unauthorized cell phone or electronic device usage, or similar
    disengagement behaviors, the student will accrue one unexcused absence

There are two types of absences, excused and unexcused. However, please keep in mind
that an absence IS an absence, regardless of the reason you miss class; you miss valuable
learning opportunities when you are absent.

Excused Absences

An excused absence is typically an absence that the student schedules in advance with
permission from the instructor. The following are the types of absences you must request
IN ADVANCE for the instructor to excuse:
• religious observances and practices
• a funeral for a close family member (funeral program/death certificate/obituary
  and/or airline/bus tickets are required as verification by the instructor)
• a college-sanctioned activity as a member of an athletic team for a game, to attend
  a field trip for another class, or to represent TOCC in some capacity (official TOCC
  documentation is required as verification by the instructor)
• jury duty (jury duty summons is required as verification by the instructor)
• work-related travel (workplace paperwork documenting the travel dates is required
  as verification by the instructor)

The following are examples of of the types of absences you may request after the fact
for the instructor to excuse:
• Extreme medical emergencies may also be considered if, and only if, valid
  documentation is provided (a physician’s note on professional letterhead, a bill for
  medical services rendered on the day of the absence, or a emergency room
  visit/hospital admittance form)
• Personal or family emergencies may also be considered, if, and only if valid
  documentation is provided

Unexcused Absences

An unexcused absence is an absence that was not requested in advance and authorized
by the course instructor or an absence that was not verified through proper
documentation

• Students who miss a class, must send a courtesy e-mail to the instructor on the
day of the absence
  o DO NOT ask if you have missed “anything important;” the instructor
    considers EVERYTHING that goes on during class to be important, and
    she should not be expected to respond with a list or play-by-play report of
    important learning experiences and opportunities you have missed

(June 10, 2019, version 2.0)
• Students who miss a class are responsible for
  o contacting a classmate to obtain class notes or any class updates
  o checking the class powerpoint and assignments on Canvas to review material presented, check on assignments

Please Note: The instructor has already disseminated the information in class and is NOT responsible for re-delivering it to a student who accrues an unexcused absence

• Students who miss a class are responsible for making up any missing work, activities, or class assignments and turning them by the due date

Classroom Behavior

THIS IS A COLLEGE COURSE; everyone has the right to engage in the learning process and to be in a safe and non-distracting learning environment. College students are expected to:

• take responsibility for their own learning
• maintain the integrity of the learning environment so that they and their classmates are free to learn with minimal disruption or distraction
• be respectful of their peers and professors, and
• assume responsibility for conducting themselves as mature individuals

As such, in this class:

• Students are expected to conduct themselves in a courteous, respectful, and mature manner at all times
• Students are required to power down and secure out of sight all personal electronic devices, including cell phones (in a backpack or handbag), during class time unless the instructor expressly gives permission for students to take out, power up, and use the devices (calculator, internet access)
• Behavior viewed as disruptive by the instructor will not be tolerated
  o If a student engages in behavior that the instructor deems as disruptive to the teaching and learning process, she will address the situation immediately by notifying the student that the behavior being exhibited is disruptive to the teaching/learning process or the learning environment or is in violation of the course policies
    ▪ If the student continues to engage in disruptive behavior, the student will be removed from the class for the remainder of the class period, will be subject to disciplinary actions, and may be withdrawn from the course
  o Note: A lack of engagement with the class activities and materials, accessing and/or using personal electronic devices, making inappropriate comments, using profanity, making threats and verbally posturing, and failing to follow instructor directions are a few examples of behaviors that are deemed disruptive to the learning process
• Students are expected to participate fully in all active learning activities
• Students are expected to work collaboratively, teach and learn from one another, and to present to the class
  o Students are expected to work collaboratively and collegially in cooperative
activities
  o Students are expected to be open and listen to new ideas and perspectives
    ▪ There can be more than one way to get view a situation or interpret a problem. Classmates and the instructor have a lot of insight if you allow yourself to listen and be open
    ▪ Visitors may be allowed at class sessions or on field trips only with instructor approval. The visitor's safety and behavior are the responsibly of the student.
    ▪ Possession of drugs, alcohol, or firearms on college property is illegal.
    ▪ Food and beverages are allowed in classrooms at the discretion of instructor.
    ▪ Student behavior is further detailed in the Student Handbook under Student Code of Conduct Violations.

Make-up Policy

Missed assessments (quizzes, exams) may be made up within two days of the date they were originally administered if, and only if, they are missed due to an excused absence.

Late assignments that can be made up will be accepted but will be penalized by automatically being docked 25% of the total points possible.

At the instructor’s discretion, extra credit opportunities and optional activities may be provided.

Academic Integrity

Violations of scholastic ethics are considered serious offenses by Tohono O’odham Community College, the Student Services Department, and by your instructor. Students may consult the TOCC Student Handbook sections on student code of conduct, on scholastic ethics and on the grade appeal procedure. Copies are available at Tohono O’odham Community College.

All work done for this class must be your own, or the original work of your group. While you may discuss assignments with other class members, the final written project must clearly be original. You may use work from books and other materials if it is properly cited. Copying from a book without proper reference or from a person under any circumstances will result in an “F” for the assignment, and at the instructor’s discretion, possibly an “F” for the course. If you are uncertain about proper citations ask your instructor or the librarian.

Course Progress Feedback

A student or the instructor may request a student conference at any time during the semester to discuss student progress. Quarterly grade reports will be provided to each student, either in person, by email, or via the electronic system of Canvas.

Incomplete Grade Policy

Incomplete (I) grades are not awarded automatically. The student must request an "I" from the instructor who can choose to award an Incomplete only if all three of the following conditions are met:
  1. The student must be in in compliance with the attendance policy.
2. There must be an unavoidable circumstance that would prohibit the student from completing the course.
3. The student must have completed over 75% of the course requirements with at least a "C" grade.

Incompletes are not a substitute for incomplete work due to frequent absences or poor academic performance. Incomplete grades that are not made up by the end of the ninth week of the following semester will be automatically changed to an F if the agreed upon work, as stipulated on the written form signed by the instructor and the student when the I grade is awarded, is not completed.

**Instructor Withdrawals**

Students who have missed 2 consecutive class meetings (which, since our class meets only once a week, is the equivalent of missing 4 class meetings for traditional courses that meet twice a week), who have not submitted any assignments, or who have not taken any quizzes by the 45th day census report (February 27) are assumed NOT to be participating in the class and may be withdrawn at the faculty member’s discretion.

**Student Withdrawals**

Students may withdraw from class at any time during the first 2/3 of the semester without instructor permission and without incurring any grade penalty. Please be sure to withdraw yourself by [withdrawal deadline date found in Academic Calendar on TOCC website] if you do not expect to complete the class, otherwise you may receive an "F" grade.

**Special Withdrawal (Y) Grade**

The “Y” grade is an administrative withdrawal given at the instructor’s option when no other grade is deemed appropriate. Your instructor must file a form stating the specific rationale for awarding this grade. Y” grades are discouraged since they often affect students negatively. Your instructor will not award a "Y" grade without a strong reason.

**Equal Access Statement/Disability Accommodations**

Tohono O’odham Community College seeks to provide reasonable accommodations for qualified individuals with disabilities. The College will comply with all applicable regulations, and guidelines with respect to providing reasonable accommodations as required to ensure an equal educational opportunity. This process includes self-identifying as a student with a disability, providing supporting documentation of their disability, and being approved for services through the Disability Resources Office (DRO). It is the student's responsibility to make known to their instructor(s) the student’s specific needs within the context of each class in order to receive appropriate accommodations. We will work together in order to develop an accommodation plan specifically designed to meet the individual student's requirements.

For more information or to request academic accommodations, please contact: Anthony Osborn, TOCC Disabilities Resource Coordinator, aosborn@tocc.edu, or 520-360-5044 for additional information and assistance.
