4th Edition, Pearson

Assignments: The purpose of written assignments is for the student to think critically and analytically about issues and ideas related to the subject area. The assignments are meant to validate that you are doing the work, reading the course materials, researching and learning. They are not meant to be a burden or busy work. How well and thorough you respond to the assignments indicates to me whether or not you understand the subject areas.

Six modules will have assignments to demonstrate you understand the week's main concepts. All assignments have a due date and deadline time. Assignments are due on Tuesdays and Thursdays by 11:59 p.m.

Discussions: You will benefit greatly by leveraging the vast and diverse experience everyone has in this course by fully participating in the discussions. As you interact with each other in the discussions you will build relationships which may be helpful for you in the course as well as after the course. In an online course, often students are working alone without interaction with others. But, I believe that online discussions foster a sense of community and connection between the teachers and the students and each other. As a result everyone talks to each other and students don't feel alone. Online discussion fosters collaboration and higher order thinking skills that better prepare students for the type of work they'll find in college and career. A grading rubric will help you craft your discussion post and responses.

Journal Entry: You will have four self-reflection/self-assessment journal entries to complete in this course. Check out this site for an overview of journaling tools, uses and techniques: <https://www.goodtherapy.org/learn-about-therapy/types/journal-therapy>

Quizzes: Yes, you will have quizzes in each chapter. They will consist of short answer, true/false and multiple choice questions. The questions are designed to help you apply the course materials and they are not easy. You will need to know the chapter materials well in order to pass the tests. You will not be able to access

the quiz after the due date.

Evaluations and Grading & Assignments:

90 and above is an A

Policies and Expectations:

Communication Policy: It is very important for us to communicate with each other throughout the semester. I am available in person for appointments on the Phoenix College campus, by email, phone and during my office hours. Do not hesitate to contact me if you have questions, concerns, or suggestions.

I make every effort to respond to you within 24-48 hours. Please note that I usually do not respond to emails over the weekends or on holidays. Your assignments are due during the week so I can be available to you should you need assistance.

The most efficient way to contact me is through the Canvas Inbox or to send me an email. The least efficient method is on my phone.

Etiquette refers to the generally accepted rules of behavior for communicating in both the face-to-face and the online environment (known as netiquette).

1. be professional and careful with what you say or post in class. Express your thoughts clearly and concisely.
2. be careful when using sarcasm and humor. Communications, especially online, are very impersonal and others may take your words as criticism.
3. be courteous and respectful of other people. If you use abusive or offensive language, you may potentially be removed from your course according to the Student Handbook.
4. Use common sense - is this message something that you want to be said or

sent to you?

Safe Classroom Environment Statement

Disagreement within the classroom does not equal disrespect, you are encouraged to have different points of view, different opinions and values, however, it is required that students monitor their language within discussions. Racist, sexist, or homophobic language will not be tolerated. Consult the student handbook for college policies regarding these types of behavior.

Attendance Policy

You are expected to arrive to class on time and be prepared to participate in each module. Online attendance is tracked by your submission of assignments. Four unexcused absences may result in withdrawal and a "W" or "Y" will be recorded. You may request to be excused from class for religious observances and practices, for illness, for school or work-related travel or for personal or family emergency. **If you will be absent, please notify me as soon as possible.**

Incomplete Policy

Incomplete (I) grades are not awarded automatically. The student must request an "I" from the instructor who can choose to award an Incomplete only if all three of the following conditions are met:

1. The student must be in compliance with the attendance policy.
2. The student must have unavoidable circumstance that would prohibit the student from completing the course.
3. The student must have completed over 75% of the course requirements with at least a "C" grade.

Incompletes are not a substitute for incomplete work due to frequent absences or poor academic performance. Incomplete grades that are not made up by the end of the ninth week of the following semester will be automatically changed to an F if the agreed upon work, as stipulated on the written form signed by the instructor and the student when the I grade is awarded, is not completed.

Instructor Withdrawals

Students who have missed four consecutive classes (or the equivalent) not submitted any assignments nor taken any quizzes by the 45th day census report, due on [date of 45th day are assumed NOT to be participating in the class and may be withdrawn at the faculty member's discretion

Student Withdrawals

Students may withdraw from class at any time during the first 2/3 of the semester without instructor permission and without incurring any grade penalty. Please be sure to withdraw yourself if you do not expect to complete the class, otherwise you may receive an "F" grade.

Special Withdrawals (Y) Grade

The "Y" grade is an administrative withdrawal given at the instructor's option when no other grade is deemed appropriate. Your instructor must file a form stating the specific rationale for awarding this grade. "Y" grades are discouraged since they often affect students negatively. Your instructor will not award a "Y" grade without a strong reason.
