“Stay Home, Stay Safe”

With cold and flu season upon us, it is important that we remain as safe as possible when it comes to the spread of covid. We need to make sure that we continue to take precautions to stop the spread. As of Nov 8, Arizona reported 1880 new cases of Covid-19 and the virus is spiking across the nation.

Prevention is key to stopping the spread, so wash your hands, avoid touching and large groups, stay home, clean and disinfect your house, and wear your mask.
