Fall Semester starts August 23, 2021
Register today before classes are full

With Flex students are given the freedom and ability to choose which mode to participate in from session to session, either on-campus or remote via Zoom.

Flex allows students in the classroom on-campus in-person or at remote location via Zoom to participate in class, in same time, together. With Flex, all students are part of the classroom experience, can ask questions, and interact in same time, while maintaining social distancing standards for safety.

Virtual

Students participate in class in real time synchronously virtually at a set time and days of the week via Zoom.

Online

Students participate in class asynchronously through completing weekly learning activities, discussions, and assignments.
