

Default Question Block

Thank you for your interest in participating in A Student's Journey! There are a couple things to keep in mind while completing this application:

This application requires you to upload your resume and unofficial TOCC transcripts.

- To get access to your TOCC Transcripts, go to MyTOCC.
- If you do not have your TOCC Transcripts, please upload unofficial transcripts from your last school.

There are two short essay questions (100 - 300 words) to complete towards the end of the application.

1. What environmental health issues have you noticed in your community? Why is it important or relevant
2. What social justice issues have you noticed in your community? Why is it important or relevant?

The application will save automatically as you move through each page, but it will only be saved on the device you are using. It is also important to know that if you do not complete your application, another person who has access to your computer will also have access to the information you have already entered.

It is for these reasons that we recommend you complete this application in one sitting.

If you have any questions, please contact Annamarie Stevens: astevens@tocc.edu
